Dusted ASLAN E 200	Polymer Polymeric	7	50	1,26
Milky ASLAN E 210	Polymer Polymeric	7	50	1,26
Wiederbeschreibbare Glaskorfolie zur leichten Trockenverklebung Re-writable glass decoration film for easy dry application 				
EtchedBoard Dryapply ASLAN EBL 300	Polymer, Whiteboard-Oberfläche Polymeric, whiteboard surface		25	1,37
Transparente Farbfolie für kreative Gestaltungen auf Glas Transparent colour film for creative glass designs				
GlassColour ASLAN CT 113	Monomer Monomeric	3 - 5	25	1,25

Die ASLAN Dryapply-Technologie | The ASLAN Dryapply technology

Die einzigartige **ASLAN Dryapply-Technologie** macht die Verklebung besonders einfach und schnell. Eine mit feinsten Luftkanälen durchzogene Struktur garantiert eine blasenfreie Verklebung ohne die Verwendung von Flüssigkeit. Durch einen speziellen Kleber und Materialaufbau kann die Folie während der Verklebung leicht und ohne Weißbruch korrigiert werden. Nach erfolgter Verklebung fließt der Kleber auf und die Klebkraft steigt an, sodass die Folie auch für langfristige Anwendungen ideal geeignet ist.

The unique **ASLAN Dryapply technology** makes application particularly quick and easy. A special structure with extremely fine air release channels guarantees bubble-free application without using liquid. This structure, combined with a special adhesive, allows easy repositioning during application without risk of damage (stress whitening). After application, the adhesive wets out and the adhesive strength increases, making the film ideal even for long-term applications.

Width meter	1,25 m	1,26 m	1,37 m	1,52 m	Length meter	50 m	25 m
Width inches	49"	49"	54"	60"	Length feet	164'	82'
